

21 February 2018

For immediate release

**OKYO Pharma Corporation
("OKYO" or the "Company")
Proposed Cancellation
Suspension
Notice of General Meeting**

The Board of OKYO announces that it is seeking Shareholder approval, *inter alia*, for the cancellation of admission of the Ordinary Shares to trading on AIM, the proposal to register the Company in Guernsey (by way of a continuation out of the British Virgin Islands and Migration into Guernsey) and a further change of the Company's name to OKYO Pharma Limited. Implementation of the Proposals is conditional on Shareholder approval.

A document is being posted today to Shareholders setting out the background to and to explain why the Directors consider the Proposals to be in the best interests of the Company and its Shareholders as a whole and why they recommend that Shareholders should vote in favour of the Resolution to be proposed at the General Meeting being convened for 10.00 a.m. on 9 March 2018, at the offices of Cooley (UK) LLP, Dashwood, 69 Old Broad Street, London EC2M 1QS. Subject to the Resolution being passed at the General Meeting, it is anticipated that the Cancellation will become effective at 7.00 a.m. on 23 March 2018.

As previously stated, the Board intends to seek acquisition opportunities in the life sciences and biotechnology sector, to cancel trading of its entire issued share capital on AIM and, on completion of an acquisition in this new sector, to seek admission of the Company's entire issued share capital to listing on the standard segment of the Official List and to trading on the main market for listed securities of the London Stock Exchange.

The Board has identified an initial acquisition opportunity to obtain (via assignment from Panetta Partners Limited, a substantial shareholder which is interested in 29.89% of the Company's entire issued share capital) the licence and sub-licence from On Target Therapeutics LLC of the right to exploit all of the intellectual property relating to rights claimed on a patent for treating, *inter alia*, ocular inflammation, dry eye disease and ocular neuropathic pain (the "Chemerin Project").

The proposed acquisition of the Chemerin Project (the "Chemerin Acquisition"), should it proceed, is subject, *inter alia*, to the completion of due diligence, documentation, and compliance with all regulatory requirements, including the AIM Rules prior to Cancellation. By virtue of its size, the Chemerin Acquisition would constitute a reverse takeover under Rule 14 of the AIM Rules for Companies and accordingly, the Company's Ordinary Shares have been suspended from trading on AIM.

A copy of the Chairman's letter, the expected timetable of principal events and definitions sections contained in the Circular are set out in full below in Appendices I, II and III, respectively, of this announcement without material amendment or adjustment.

All subsequent written or oral forward-looking statements attributable to the Company, or persons acting on behalf of the Company, are expressly qualified in their entirety by the cautionary statements contained throughout this announcement. As a result of these risks, uncertainties and assumptions, a prospective investor should not place undue reliance on these forward-looking statements.

APPENDIX I

LETTER FROM THE CHAIRMAN OF OKYO PHARMA CORPORATION

1. Introduction

The Board announced earlier today that it is seeking Shareholder approval, *inter alia*, for the cancellation of admission of the Ordinary Shares to trading on AIM, the proposal to register the Company in Guernsey (by way of a continuation out of the British Virgin Islands and migration into Guernsey) and a further change of the Company name. Implementation of the Proposals is conditional on the Resolution being passed at a General Meeting to be held on 9 March 2018 at 10.00 a.m.

A notice convening a General Meeting for 10.00 a.m. on 9 March 2018, at the offices of Cooley (UK) LLP, Dashwood, 69 Old Broad Street, London EC2M 1QS, United Kingdom to consider the Resolution, is set out at the end of this Document. Subject to the Resolution being passed at the General Meeting, it is anticipated that the Cancellation will become effective at 7.00 a.m. on 23 March 2018.

The purpose of this Document is to provide you with the background to and to explain why the Directors consider the Proposals to be in the best interests of the Company and its Shareholders as a whole and why they recommend that Shareholders should vote in favour of the Resolution to be proposed at the General Meeting.

2. Background to the Cancellation

Following payment of the Special Dividend (which is expected to be completed later this month), the Company will become an AIM Rule 15 cash shell and as such will be required to make an acquisition or

acquisitions which constitute(s) a reverse takeover under AIM Rule 14 (including seeking re-admission as an investing company (as defined under the AIM Rules)) on or before the date falling six months from completion of the Disposal or be re-admitted to trading on AIM as an investing company under AIM Rule 8 (which requires the raising of at least £6 million in cash via an equity fundraising on, or immediately before, re-admission) failing which, the Company's Ordinary Shares would then be suspended from trading on AIM pursuant to AIM Rule 40. Admission to trading on AIM would be cancelled six months from the date of suspension should the reason for the suspension not have been rectified pursuant to AIM Rule 41.

As previously stated, the Board intends to seek acquisition opportunities in the life sciences and biotechnology sector and on completion of an acquisition in this new sector, to seek admission of the Company's entire issued share capital to listing on the standard segment of the Official List and to trading on the main market for listed securities of the London Stock Exchange and to cancel trading of its entire issued share capital on AIM. The Board is however pleased to report that a draft prospectus was submitted to the UKLA for review in February 2018 and the Company is in receipt of initial comments on that document from the UKLA which it is in the process of addressing. The Board anticipate being able to announce a timetable update early in March 2018.

In particular, the Board is focusing on acquisition opportunities which have the potential for development on the basis of indication, unmet medical need or potential comparative simplicity of the clinical trial process. The Board are mindful that such a strategy may ultimately lead to failure, in that there can be no guarantee that any candidate acquired and developed will prove efficacious, safe and capable of commercialisation. However, the Board has identified an initial acquisition opportunity, which meets the Board's criteria set out above, to obtain (via assignment from Panetta Partners Limited, a substantial shareholder which is interested in 29.89% of the Company's entire issued share capital) the licence and sub-licence from On Target Therapeutics LLC of the right to exploit all of the intellectual property relating to rights claimed on a patent for treating, *inter alia*, ocular inflammation, dry eye disease and ocular neuropathic pain (the "Chemerin Project").

Dry eye disease has a history of clinical failures and accordingly the general approach for disease management has not drastically changed in the past 50 years with lubricating artificial tears and punctal plugs representing mainstay therapy to alleviate symptoms. The Directors believe that there is an opportunity for additional treatment options for dry eye disease, and is currently therefore progressing its due diligence on the Chemerin Project, which the Board also believes has the potential for development in additional and alternative indications should initial trials deliver positive results.

The proposed acquisition of the Chemerin Project (the "Chemerin Acquisition"), should it proceed, is subject, *inter alia*, to the completion of due diligence, documentation, and compliance with all regulatory requirements, including the AIM Rules prior to Cancellation. By virtue of its size, the Chemerin Acquisition would constitute a reverse takeover under Rule 14 of the AIM Rules for Companies and accordingly, the Company's Ordinary Shares have been suspended from trading on AIM today.

3. The Cancellation

3.1 Reasons for the Cancellation

The Board's current priority is to preserve the Company's limited cash resources by cutting all costs wherever possible to a minimum. The costs associated with maintaining the existing AIM quotation and completing the Chemerin Acquisition as a reverse takeover on AIM (such as legal, accounting, and Nominated Adviser costs) are high, particularly given the Board's stated intention to seek in due course admission of the Company's issued share capital to listing on the standard segment of the Official List and to trading on the main market for listed securities of the London Stock Exchange and to cancel trading of its issued share capital on AIM. The Directors consider therefore that the Company's funds could be better utilised in the best interests of Shareholders by preserving the maximum cash to invest in new projects and so far as is possible minimising potential dilutive equity issues.

The Board has also considered the management time and legal and regulatory burden associated with maintaining the Company's current admission to trading on AIM and completing the Chemerin Acquisition as a reverse takeover on AIM. The Board's current priority is to focus its limited management resources on progressing due diligence on the Chemerin Project and preparing the associated prospectus.

As a result of these factors, the Board has concluded that the Company's interest is best served by effecting the Cancellation without delay.

3.2 Effects of the Cancellation

The Board intends, as described above, to seek admission of the Company's issued share capital to listing on the standard segment of the Official List and to trading on the main market for listed securities of the London Stock Exchange as soon as possible. However, unless and until the New Admission proceeds, and once the Cancellation has taken place, the effects of the Cancellation would be as follows:

- there will no longer be a formal market mechanism for Shareholders to trade in the Ordinary Shares and no price will be publicly quoted for the Ordinary Shares;
- there will be no liquidity and marketability of the Ordinary Shares and the value of such Ordinary Shares may be consequently adversely affected. It will therefore be very difficult for Shareholders to realise value from their Ordinary Shares;
- while there may be an opportunity for Shareholders to sell their Ordinary Shares upon a sale of the entire issued share capital of the Company to a third party, it will be difficult to place a fair value on any such sale;
- the AIM Rules will no longer apply to the Company and levels of corporate governance and transparency will no longer be dictated by those rules. Shareholders will no longer be afforded the protections given by the AIM Rules, such as the requirement to be notified of certain events, including substantial transactions, financing transactions, related party transactions and fundamental changes in the Company's business, including certain acquisitions and disposals;
- the Company will cease to have an independent financial and nominated adviser, and broker; and
- as an unlisted company, the Company will be subject to less stringent accounting disclosure requirements.

3.3 Cancellation Process

Rule 41 of the AIM Rules requires an AIM company that wishes to cancel admission of its securities to trading on AIM to notify such intended cancellation to Shareholders and separately to inform the London Stock Exchange of its preferred cancellation date. Rule 41 also requires that, unless the London Stock Exchange otherwise agrees, the Cancellation must be conditional upon the consent of not less than 75% of votes cast by the Shareholders, given in a general meeting.

Subject to the Resolution being passed by the requisite majority at the General Meeting, it is anticipated that trading in the Ordinary Shares on AIM will cease at close of business on 9 March 2018, with Cancellation taking effect at 7.00 a.m. on 23 March 2018.

Upon the Cancellation becoming effective Beaumont Cornish Limited will cease to be Nominated Adviser to the Company and the Company will no longer be required to comply with the AIM Rules.

3.3 Ordinary Share dealing following Cancellation

The Board intends, as described above, to seek admission of the Company's entire issued share capital to listing on the standard segment of the Official List and to trading on the main market for listed securities of the London Stock Exchange as soon as possible. However, unless and until the New Admission proceeds, following Cancellation there will be no facility to trade in the Ordinary Shares of the Company.

4. Strategy following the Cancellation

Following Cancellation, the Board's strategy is to seek acquisition opportunities in the life sciences and biotechnology sector and on completion of an acquisition in this new sector, to seek admission of the Company's issued share capital to listing on the standard segment of the Official List and to trading on the main market for listed securities of the London Stock Exchange. The Board has already identified the Chemerin Project, the acquisition of which is subject, *inter alia*, to the completion of due diligence, documentation, and compliance with all regulatory requirements, including the AIM Rules prior to Cancellation.

Re-registration in Guernsey and change of name

The Directors have also considered the domicile of the Company and, in order to enhance corporate governance, have decided to migrate the Company to Guernsey and to adopt certain shareholder protections in the Company's new constitution. By migrating to Guernsey, the Company will become subject to the Takeover Code and Shareholders will have the benefit of the comprehensive protections that this affords to the right of equality of treatment. Guernsey companies are required to hold annual general meetings which will give Shareholders an opportunity to exercise their rights to hold the Directors to account. The Directors intend that pre-emption rights will be enshrined in the Company's new constitution and whilst the Directors will seek modest authority to disapply those pre-emption rights on an annual basis, the sanction of any disapplication of the same will be a matter for Shareholder approval. A copy of the Company's draft new memorandum and articles of incorporation compliant with Guernsey law is available from the Company's website, www.okyopharma.com

Guernsey has not been selected as a jurisdiction for migration on any tax driven basis - the Company will be tax resident in the United Kingdom and not in Guernsey. Guernsey has been selected on the basis that it is a jurisdiction which allows "migration" of a BVI company (which is not possible, for example, with England and Wales) and a jurisdiction where the Takeover Code applies to listed companies.

In order to re-register the Company in Guernsey, Shareholder approval will be required and the Resolution is being proposed for that purpose at the General Meeting. Upon registration in Guernsey, the Company will be discontinued and therefore removed from the Register of Companies in the British Virgin Islands. As a matter of the laws of the British Virgin Islands, where a company is continued under the laws of a jurisdiction outside the British Virgin Islands to Guernsey:

- the Company continues to be liable for all of its claims, debts, liabilities and obligations that existed prior to its continuation as a company under the laws of Guernsey;
- no conviction, judgement, ruling, order, claim, debt, liability or obligation due or to become due, and no cause existing, against the Company or against any member, director, officer or agent thereof, is released or impaired by its continuation as a company under the laws of Guernsey;
- no proceedings, whether civil or criminal, pending by or against the company, or against any member, director, officer or agent thereof, are abated or discontinued by its continuation as a company under the laws of the jurisdiction outside the British Virgin Islands, but the proceedings may be enforced, prosecuted, settled or compromised by or against the company or against the member, director, officer or agent thereof, as the case may be; and
- service of process may continue to be effected on the registered agent of the Company in the British Virgin Islands in respect of any claim, debt, liability or obligation of the company during its existence as a company incorporated under the BVI Business Companies Act, 2004.

As a matter of Guernsey law, upon the Company ceasing to be registered as a company in the British Virgin Islands and becoming registered as a company in the Register of Companies in Guernsey:

- all property and rights to which the Company was entitled immediately before that registration remain its property and rights;
- the Company remains subject to all criminal and civil liabilities, and all contracts, debts and other obligations, to which it was subject immediately before that registration;
- all actions and other legal proceedings which immediately before that registration could have been instituted or continued by or against the Company may be instituted or continued by or against it after that registration; and
- a conviction, ruling, order or judgment in favour of or against the Company before that registration may be enforced by or against it after that registration.

On completion of the Migration, the Company intends, subject to approval by Shareholders of the Resolution, to change the name of the Company to OKYO Pharma Limited.

5. Irrevocable undertakings

The Company has received irrevocable undertakings from Shareholders in respect of 116,087,103 Ordinary Shares representing in aggregate 29.89% of the Company's issued share capital to vote in favour of the Resolution.

6. CREST and Depositary Interests

Shares of most non-UK companies cannot be held and transferred directly into the CREST system. CREST is a paperless settlement system allowing securities to be transferred from one person's CREST account to another without the need to use share certificates or written instruments of transfer. Shareholders who wish to hold and transfer Ordinary Shares in uncertificated form may do so pursuant to a Depositary Interest arrangement established by the Company.

Depositary Interests facilitate the trading and settlement of shares in non-UK companies into CREST. The Ordinary Shares are not themselves admitted to CREST. Instead the Depositary issues Depositary Interests in respect of the Ordinary Shares. The Depositary Interests are independent securities constituted under English law that may be held and transferred through CREST.

Depositary Interests have the same international security identification number (ISIN) and tradeable instrument display mnemonic (TIDM) as the underlying Ordinary Shares. The Depositary Interests are created and issued pursuant to a deed poll with the Depositary, which governs the relationship between the Depositary and the holders of the Depositary Interests.

Ordinary Shares represented by Depositary Interests are held on bare trust for the holders of the Depositary Interests. Each Depositary Interest is treated as one Ordinary Share for the purposes of determining eligibility for dividends, issues of bonus stock and voting entitlements. In respect of any cash dividends, the Company will put the Depositary in funds for the payment and the Depositary will transfer the money to the holders of the Depositary Interests. In respect of any bonus stock, the Company will allot any bonus stock to the Depositary who will issue such bonus stock to the holder of the Depositary Interest (or as such holder may have directed) in registered form. In respect of voting, the Depositary will cast votes in respect of the Ordinary Shares as directed by the holders of the Depositary Interests which the relevant Ordinary Shares represent.

The shares of a Guernsey company can be held and transferred directly into the CREST system. Accordingly, conditional on approval by Shareholders of the Migration, there will be no ongoing need to maintain the Depositary Interests. The Directors intend therefore in due course to seek the resignation of the Depositary following the Cancellation and Migration, and to enable the holders of Depositary

Interests to surrender their Depository Interests to the Depository for delivery of the Company's deposited Ordinary Shares represented by the Depository Interests.

7. General Meeting

There is set out at the end of this Document a notice convening the General Meeting of the Company to be held at the offices of Cooley (UK) LLP, Dashwood, 69 Old Broad Street, London EC2M 1QS, United Kingdom at 10.00 a.m. on 9 March 2018. The Resolution is proposed as a special resolution of Shareholders to:

- (a) change the name of the Company to OKYO Pharma Limited with effect upon Migration;
- (b) approve the Migration to Guernsey; adopt, with effect from Migration, the Company's new memorandum and articles of incorporation compliant with Guernsey law, in place of the Company's existing memorandum and articles of association;
- (c) disapply the pre-emption rights as set out in the New Articles; and
- (d) approve Cancellation of admission of its Ordinary Shares from trading on AIM.

The Resolution will be proposed as a special resolution and will be passed at the General Meeting if approved by the affirmative vote of a majority of not less than 75% of the votes of the Ordinary Shares entitled to vote thereon in respect of which the members holding the Ordinary Shares are present in person or by proxy and being Ordinary Shares in respect of which the votes are voted.

8. Action to be taken

Shareholders will find enclosed with this Document a Form of Proxy and a Form of Instruction for use at the General Meeting. Whether or not you intend to be present at the General Meeting, you are requested to complete, sign and return: (i) your Form of Proxy for holders of Ordinary Shares to Computershare Investor Services (Jersey) Limited, c/o Computershare Investor Services PLC, The Pavilions, Bridgwater Road, Bristol BS99 6ZY, United Kingdom or send by fax 00 44 870 703 6116, as soon as possible but, in any event, so as to be received no later than 10.00 a.m. on 7 March 2018 or 48 hours prior to the time fixed for the General Meeting; or (ii) your Form of Instruction for holders of Depository Interests to Computershare Investor Services PLC, The Pavilions, Bridgwater Road, Bristol BS99 6ZY, United Kingdom or send by fax to 00 44 870 703 6116, as soon as possible but, in any event, so as to be received no later than 4.00 p.m. on 6 March 2018 or 72 hours prior to the time fixed for the General Meeting.

The completion and return of a Form of Proxy or a Form of Instruction will not preclude you from attending the meeting and voting in person should you wish to do so. Shareholders should, however, contact Computershare Investor Services PLC in advance to confirm what identity documents they should bring with them and to complete a form of representation (available on request from Computershare Company Nominees Limited) if they wish to attend and vote in person.

9. Recommendation

The Directors are unanimously in favour of the Proposals, which they consider are in the best interests of Shareholders. Accordingly, the Directors unanimously recommend Shareholders to vote in favour of the Resolution, which Willy Simon intends to do in respect of his own beneficial shareholdings of 307,100 Ordinary Shares (representing approximately 0.08% of the Ordinary Shares in issue). Dr. Kunwar Shailubhai has no interest in the Ordinary Shares. As described at Section 6 above, certain Shareholders have also undertaken to vote in favour of the Resolution in respect of their own shareholdings which amount in aggregate to 116,087,103 Ordinary Shares, representing 29.89% of the Company's issued share capital.

Yours sincerely

Willy Simon
Executive Chairman
